Re: Warming up of student lunches.

To Parent(s)/Guardian(s),

Senpaq'cin school offers a wonderful hot lunch program at a very reasonable cost to families. We heavily subsidize the lunch program to cover the costs of the food as well as the cook's wages. In doing so, we have made it part of our school expectations that we will not be able to provide supervision for the use of microwaving student lunches. If you want your child to enjoy a hot lunch, then you will need to:

1. Participate in the hot lunch program provided at the school,
2. Purchase a thermos to pre-warm your child's lunch, or
3. Drop off a hot lunch by 12:00 for the lunch hour.

We thank you in advance for your cooperation in this matter. Today our cook had 15 children waiting in line to use the microwave to heat up their lunches and she was unable to effectively provide service to the children waiting in line for their pre-paid hot lunch.

Sincerely,

Val Allen
Head of School
